

# Know the signs of child sexual exploitation

## For Hotel employees:

If you have concerns about a young person in the hotel who appears withdrawn, afraid, frightened, under the influence of drugs or alcohol, under the control or instruction of another

- Ask if they are ok
- Don't serve them any alcohol or allow anyone to buy them another drink
- Check that they are not receiving unwanted attention
- Check whether they know who they are with and if they feel safe with them
- Offer to call a licensed taxi for them
- Offer to call a parent/carer
- Check whether a medical intervention is required
- Ask CCTV to monitor them
- Make sure any person you are unsure of, knows you have seen their face
- Record any observations that concern you in your incident logs
- Take note of number plates of vehicles concerned
- Provide a written record of your concerns and descriptions of individuals

**Report any concerns to your Hotel Manager or the Police on 101 or 999 as appropriate**
